3. CEO 's Message

We adopt to act with a sense of social responsibility towards our employees, the community and the environment of all our activities as a building stone. We believe that our core value is human resources in order to enhance the competitiveness of our customers by providing high-quality and innovative products, solutions and services.

Global warming and climate change are among the most important problems of recent times and leads to excessive consumption of natural resources. In order to leave a clean and livable world to the next generation we act with an environmental awareness in all of our activities and adopt to be the leader in this respect as a principle. We conduct effective projects to increase the energy efficiency, decrease the waste and the consumption of natural resources.

By signing the UN Global Compact Martur A.Ş. undertakes; to share his works related to ten main areas which are located under main topics human rights, labor, environment and prevention of corruption with the whole world and to take the lead for his employees, suppliers and stakeholders in order to adopt Global Compact.

Martur A.Ş. will continue to support ten principles of the UN Global Compact in a big loyalty.

Yours Sincerely,
ÖMER ALTUN

4. Human Rights & Working Conditions

We believe that our biggest strength for achieving our strategic targets and managing growth in continuously changing competition conditions is our human resources. We believe that the PEACE AT WORK ensured by respect, tolerance and environment of Confidence in business relations has a significant impact on the engagement of our employees and business success, and we show maximum effort to this end.

With our Human Resources Processes, we target to employ human resources who are open to novelty and change, dynamic, target continuous self-development and care ethical values, and to keep satisfaction and motivation of employees high.

Thanks to our Humanitarian, Friendly and Modest approach, we also encourage our employees to act accordingly.

We support team work and collaboration, and encourage hard-working, self-discipline, rigor and patience.

During all our corporate activities, we adopt a fair and honest attitude against our employees, and never tolerate discrimination because of language, race, color, sexual orientation, religion, sect, political orientation, age, physical disability or of other similar reasons.

We take all required measures to "Protect the Health" of our employees, and organize Health Life Programs and ensure participation thereto.

We meet all Environmental Requirements during our activities in accordance with Environmental Policy.

We conduct our activities by showing due diligence to the protection of the environment, well beyond the legal requirements.

We accept the Minimization of Environmental Effects, the Conservation of Energy and Natural Resources as our top priority in our Product and Process designs and one of our most important duties for a sustainable world.

Under the scope of our Social Responsibility, full adherence to, and the implementation of, our above principles is our primary business goal, which is also one of expectations from our Employees, Suppliers and all entities we cooperate.

We also work to raise the awareness with respect to social subjects by means of the training programs we organize.

 USTUNBERK HOLDING

We are proud to fulfill our responsibilities towards society in all locations we operate, in close collaboration with our employees, public, non-governmental organizations and other stakeholders.

Education & Training:

Kütahya Student Dormitory: We built a dormitory in Kütahya with a capacity of 300 students.

children by scholarships.

Internship and Scholarship: In order to maintain our lead in the manufacturing techniques, we are constantly in liaison with nearby education facilities of our plants so that our know-how is always under scrutiny and ever-sharpened to achieve the most up-to-date level. We establish internships and scholarships with such educational facilities in order to follow and apply new developments. Therefore, we support our employees' successful

Support to Vocational High-Schools: Building a laboratory and library are the examples of our support to vocational high-schools.

Reconstruction of Schools: We are aware of the importance of education. Therefore we take this responsibility and we support construction modifications of village schools in coordination with local education authorities.

Road Safety in Traffic: The consciousness and training of traffic safety should start at earlier stages of children. That is why, we organized a training seminar in 2011 for pre-school children, presenting the importance of seat belt usage via car seat simulations.

Environmental Sensitivity:

TEMA Project for Annual 23rd April World Childrens' Day: (Turkish Foundation for Combating Soil Erosion, For Reforestation and the Protection of Natural Habitats). Our children are our future. It is our duty to make them conscious of environment as well as protect our natural richness. Each year, during the time of World Childrens' Day on 23rd April, we plant trees in the name of our employees' primary school children in cooperation with TEMA and we send certificates with a "Thank You" letter to their families.

Environment Club: We established "WCM Environment Club" and "Energy Saving School" within our company in an effort to increase our employees' consciousness and as a social responsibility project.

Drawing Competition: The children of our group companies' employees drew wonderful pictures about environmental responsibility. These pictures are presented in different areas in our production plants.

Environment Week: We organize "Environment Week" in early June each year. During the activities, we train our employees about environment and energy saving methods by different competitions, giving them pine saplings, energy saving bulbs or other home supplies, etc.

Occupational Health and Safety :

Occupational Safety Week: Each year between 4th and 10th May, we celebrate the 'Occupational Safety Week'. During these celebrations, we organize trainings, panels and prize competitions, in order to develop our employee's consciousness of 'Occupational Health and Safety'.

Drawing Competition With An 'Occupational Health and Safety' Theme: Our employee's kids have shown us their point of view about the 'Occupational Health and Safety' with their drawings. These drawings are displayed in various places within the production facilities..

Sports :

Summer Sports Schools: For the last 10 years, we organize summer sports activities for all group company employees' children between 7 – 12 ages. These activities are all in our own sports facilities and totally free of charge (including sports wear, school bus, etc.). The activities consist of football, basketball and tennis during June & July. We are proud to announce that some of our students are now playing in the professional football and basketball leagues.

Group Companies' Tournaments: We organize our own sports tournaments of football, basketball and volleyball. In addition, we take part in local games and play with other companies' sports teams.

Blood Donation ;

Each year, we organize our own blood donation campaign in coordination with Kızılay (Red Crescent Association)

Other

We also organize other social responsibility activities such as second hand book collection campaign, visiting old people in nursing homes, occupational safety related drawing competition for children of group companies' employees, etc. Our company is also a member of AKUT (Search & Rescue Association).
