To our stakeholders

We recognize that a key requirement for participation in the UN Global compact is the annual preparation and posting of a Communication of Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a delay in internal processes that adds value to the COP which undergoes a verification process. The verification is not yet completed at this stage and will thereby delay the preparation and posting of the COP to the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 01 March 2015 at the latest.

Sincerely yours

Joseph Chauke (Mr.)
