To whom it may concern:

We recognize that the key requirement for participation in the Global Compact is the annual submission of a Communication on Progress Report (COP) that comprises of a statement of continued support of the Global Compact, a description of practical actions that our company has taken since our last COP, and a measurement of outcomes or expected outcomes.

We hereby request a postponement of First Ukrainian International Bank's delivery date of its Communication on Progress 2013 Report from April 2014 to April 2015, as in 2013 we started implementing principles of CSR and sustainable development. Moreover we in 2014 we have to review our CSR strategy and action plans due to difficult situation in Ukraine. Thus we consider that results of 2013-2014 would be more appropriate to present in April 2015.

Yours sincerely,

Lilia Zubareva
