Dear Mr. Secretary General,

Further to Vallourec's adhesion to Global Compact on July 23, 2010, I am pleased to confirm our company's pledge to support the ten principles of the Global Compact and our will to implement them as part of our strategy and our day-to-day operations.

As the attached document clearly shows, we achieved our last year commitments and we are still committed in 2015 to comply with the four domains for action of Global Compact. Therefore we shall continue to improve our safety results and reduce the use of dangerous products. As well as increasing our waste recycling and key suppliers assessments including anti-corruption practices.

Sincerely yours,
