Grace letter asking for the extension of the deadline for submitting mc's COP

Dear ladies and gentlemen,

We would hereby like to request an extension of the deadline for our annual Communications on Progress (COP). media consulta can refer to improvements in the implementation of the UN Global Compact's 10 principles. However, we are afraid that we need some more time to include the vast amount of new information. The last months have been particularly busy and, in addition, we would like to evaluate some 2013 actions more in-depth before including them in the report.

I would like to apologise for the delay, but can assure you that we will submit the COP soon. Thank you very much for your patience and understanding.

Yours sincerely,

Harald Zulauf  
(CEO of media consulta International Holding)
