

Panamá City, July 11, 2014

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to we want to deliver a final report with the activities we do in conjunction with the Global Compact Networks in Brazil, Bolivia and Ecuador, the positive results of these activities and to consolidate our commitment to the Global Compact of the United Nations.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by next October 5, 2014 at the latest.

Sincerely yours,

Daniel Maximilian Da Costa
