To Our Stakeholders

We are aware of the crucial requirement for participation in the UN Global Compact through annual reporting and submitting a Communication on Progress (COP) that includes statement of continual support for the UN Global compact and description of the corporate social responsibility practices and actions within the UN Global Compact principles.

However, taking into consideration that the COP submission date overlaps with the first quarter of the year, which is conventionally the period of preparing financial, budgeting and tax statements, a rather time consuming activity, we hereby ask for an extension of the deadline for submission of the COP.

We shall certainly make an effort to submit the report by the original submission date of 9th of March, but in aim to avoid any unforeseen delays, we kindly ask your approval for submission date extension.

Thank you for your understanding.

Sincerely yours,

Borka Petrovska

Manager of Administration
