

Grace Letter to apply for an extension of our COP deadline

Puzol, 19 de enero de 2015

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to an adjustment of our reporting circle. The "Fruit Logistica" which is the most important fair of the fruit sector, takes place annually at the beginning of February where SanLucar participates as well. To communicate the Progress on the Global Compact to our stakeholders within these fair we ask for this adjustment. To present our stakeholders the latest status of our Progress we want to use the time for prepare an COP as much latest as possible.

Our new COP report will be posted on the UN Global Compact website by April 22th at the latest but according to our intention it is expected in February.

Sincerely yours,

SANLUCAR FRUIT, S.L.
