

Panama, 22 January 2015

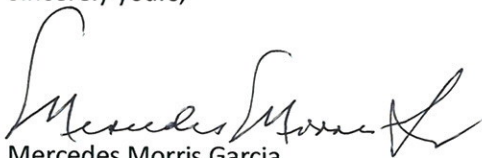

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) comprising a statement from our CEO declaring continued support for the UN Global Compact, a description of the practical actions we have taken with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP due to personal circumstances affecting one of our key team members responsible for preparing data required for the report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by April 20, 2015, at the latest.

Sincerely yours,

Mercedes Morris Garcia
Vice President of Public Affairs and Sustainability
