

Wiloto Corp. Global Compact Communication on Progress Year 2014

Our Statement

Being a good corporate citizen is an ambition enthusiastically embraced at all levels within our company. As a member of the Global Compact, we believe that our business policies incorporate the ten principles.

Especially, we are very concerned with the job creation as a relevant response to the severe crisis in our country. Basically we pay much attention on the human rights, labour rights, the environment as well as the fight against corruption and we will always commit to respect these basic principles in our future path of doing business.

Through our support of the United Nations Global Compact, we also aim to move the agenda forward on performance related to these basic principles in participating to the universal effort in human rights.

Global Compact Principle

1. Businesses should support and respect the protection of internationally proclaimed human rights;
2. and make sure that they are not complicit in human rights abuses.
3. Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining
4. the elimination of all forms of forced and compulsory labour
5. the effective abolition of child labour
6. and the elimination of discrimination in respect of employment and occupation.
7. Businesses should support a precautionary approach to environmental challenges
8. undertake initiatives to promote greater environmental responsibility
9. and encourage the development and diffusion of environmentally friendly technologies.
10. Businesses should work against all forms of corruption, including extortion and bribery.
