20th February 2015

Dear Sir/ Madam

I hereby request to extend Ecodesk's reporting deadline to 30 June 2015.

Ecodesk moved offices in the final quarter of 2014 and has been working with its landlord to extract the necessary new building information. We have also been calculating our Scope 3 business travel emissions for the first time, in order to provide a more complete picture of our total greenhouse gas emissions, something that has been more complicated than anticipated.

I trust this request for a short extension meets with your approval.

Yours sincerely,

Nick Murry
