Dear Mr. Secretary-General.

I am pleased to confirm that UCE supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti-corruption, which are consistent with our company and our partners strategy. We are committed to several Communication on Progress (COP) projects. Part of them are still in the last phase. I hope we will successfully finish all of them by the end of April 2015.

Therefore You are kindly requested to postpone the date of our annual report on progress.

We support public accountability and transparency, and therefore we will report on our progress according to the ten principles of the Global Compact before the 30th of April 2015.

Sincerely yours,

Rafał Seweryn Twaróg
