Dear Sir/Madam

RE: Kordsa Global Communication on Progress - Reporting Cycle Adjustment

As Kordsa Global, we would like to change the submission date for our COP from March 19 to September 30. The reason for this is that we would like to publish our report with comprehensive data. Considering the data collection processes in our company and the evaluation period of our data, we will be able to make all relevant information publicly available by the end of September, every year.

We kindly ask you to accept this letter as a request for a permanent change of reporting cycle.

I would be grateful if you could give this matter your consideration.

Sincerely yours,

Cenk Alper

CEO
