Schneider Electric SE  
Strategy & Technology  
Sustainable Development

date: 2015/03/28

**subject: Grace Letter**

Dear Mr Georg Kell,

I would like to reconfirm our commitment to the Global Compact and the importance to publish a COP in line with the company's sustainability reporting.

Schneider Electric is due to communicate on progress by March 28, 2015. I hereby ask for a grace period to allow us to submit our COP: I have been trying to submit it on March 27 and March 28, and have encountered IT problems. I will therefore try to re-submit our COP in the coming days once the problems on the server are solved.

Sincerely,

Emilienne Lepoutre  
Sustainability performance manager
