## 2.1. COMPANY STRUCTURE

Atlinks Holdings Ltd is a Hong Kong based company, with two subsidiaries, Atlinks Asia Ltd, based in Hong Kong and Atlinks Europe SAS, based in France. There are two representative offices, one in Mexico which manages the commercial activity for Latin America, and another in Madrid which manages the Iberia market.

The staff of the company repartition is as follows:

Atlinks Asia Ltd:	24 employees
Atlinks Europe SAS:	22 employees
Madrid Sales office:	3 employees
Mexico Sales office:	2 employees

There are also several consultants that assure some functions as identified in the [Organization manual](#).

## 2.2. ORGANIZATION

The operations of Atlinks use the different companies for different functions, and it works as a sole company. The long experience of its employees and the little turn over makes a solid community.

Most of the product related functions are located in Hong Kong, close to the product suppliers and manufacturing sites. The Europe operation is more oriented to the customers.

### 3. SUSTAINABLE DEVELOPMENT: THE GLOBAL COMPACT

Atlinks supports also the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment and Anti-Corruption:

Human rights	Principle 1	Support and respect the protection of internationally proclaimed human rights; and	In ATLINKS operations countries we have been always be respectful with the local laws and regulations which comply with the respect of the Human rights. We also have requested to our suppliers to be compliant with it and we make audits to all of them to ensure the compliancy. Ref. <i>Suppliers Audits procedure</i> , Check list: <i>Supplier EHS and CSR check list (SA 8000 based)</i>
	Principle 2	Make sure that they are not complicit in human rights abuses	
Labour	Principle 3	Uphold the freedom of association and the effective recognition of the right to collective bargaining;	Atlinks follows in each subsidiary (2) the rules relative to the employees association and bargain relations. Regular meetings are hold between the management and the employee's representatives to promote the communications in both senses.
	Principle 4	The elimination of all forms of forced and compulsory labour;	Atlinks does not practice any forced or compulsory labour or the child labour at any of its subsidiaries. Atlinks also controls the fact that its suppliers respect also those principles by auditing the suppliers against the international standards. Ref. <i>Suppliers Audits procedure</i> , Check list: <i>Supplier EHS and CSR check list (SA 8000 based)</i>
	Principle 5	The effective abolition of child labour; and	
	Principle 6	The elimination of discrimination in respect of employment and occupation.	Atlinks does not practice any kind of discrimination: <ul style="list-style-type: none"> <li>- The staff at first level of reporting to the CEO is 50% female/male</li> <li>- We do have 8 nationalities in our subsidiaries</li> </ul>
Environment	Principle 7	Support a precautionary approach to environmental challenges;	We do follow an environmental friendly global approach on the company by implementing and continually improve our Environmental management system in a worldwide basis. We also encourage our suppliers to follow the approach and we audit them against the environmental standards to assure their compliancy. Ref. <i>Suppliers Audits procedure</i> , Check list: <i>Supplier EHS and CSR check list Vendors Certificates ISO 14001</i>
	Principle 8	Undertake initiatives to promote greater environmental responsibility; and	
	Principle 9	Encourage the	

		development and diffusion of Environmentally friendly technologies.	
Anti-corruption	Principle 10	Work against corruption in all its forms, including extortion and bribery.	<p>Atlinks has issued a CODE OF CONDUCT, applicable to all employees and consultants working on behalf of Atlinks. This CODE OF CONDUCT reflects the Policy of the company to avoid any corruption, bribery or extortion, and respect of the rules and regulations related to these aspects. Every employee has the responsibility to ask questions, seek guidance, and report suspected violations of this Code of Conduct, to the local or global Management, employee’s representatives or the Management representative. Ref. <a href="#">Code of Conduct</a></p> <p>Atlinks has maintained an excellent check and balance system over transactions. Our books and accounts are subjected to statutory external Financial audit annually in both subsidiaries. These audits are used as one of the methods of identifying any suspicious payments which could be related to bribery or corrupt behavior. This information is checked and controlled by finance, administration and HR department and the CEO. Internal Audits are also used as the tool to detect any kind of deviation in this subject. Ref.: <a href="#">External Financial Audits</a></p>

## 4. HUMAN RIGHTS AND LABOUR

In Atlinks operations countries we have been always respectful with the local laws and regulations which comply with the respect of the Human rights. We also have requested to our suppliers to be compliant with it and we make audits to all of them to ensure the compliancy.

### 4.1. ATLINKS STAFF

Most of our staff are transferred from the Joint-venture between Alcatel and Thomson in the early 2000's. We have a little turn-over and there is a natural equilibrium on female/male collaborators.

Management at first level of reporting to CEO is 50/50 female/male.

The recruitment level is low, since the company have been structured at its establishment in 2010 to the level of staff coherent to the operations in a very competitive and slow growing market.

	STAFF	
Hong Kon	24	47%
France	22	43%
Madrid	3	6%
Mexico	2	4%
<b>Total</b>	<b>51</b>	

## 4.2. NO DISCRIMINATION

Atlinks is a very international company, with a mix of nationalities in each country where operates. There are “foreigners” in all entities:

Hong Kong: 4 nationalities (24% foreigners)  
France: 3 nationalities (13,6% foreigners)  
Madrid: 2 nationalities (50% foreigners)  
Mexico: 2 nationalities (50% foreigners)

We do have a total of 8 nationalities belonging to 3 continents.

## 4.3. HANDICAP

The little turn-over and the lack of manpower growth, makes difficult to Atlinks to hire handicapped people. However a diagnostic has been performed by external consultant (Alther, Enterprises and Handicap) in February 2014 to improve the performance in this field.

A decision has been made and since then we have identified one supplier for dealing with the WEEE office waste, who is an “ESAT” (*Établissement et services d’aide par le travail*), and can provide the Certification of equivalent working time worked for ATLINKS by handicapped staff.

**Results:** In 2014 we have had the equivalence to 24,734 hours.

## 4.4. EMPLOYEES REPRESENTATION

Atlinks has always guaranteed the freedom of association in full compliance with current regulations. The employees are represented by electing their representatives.

Human Resources and management are in direct contact with the representatives and staff, with a formal and informal interchange of news and information.

In accordance with unions and/or representatives Atlinks verifies the strict application and interpretation of provisions stated in the existing National Collective Labour Contract; performs and follows all stages of any negotiation.

### **Results:**

Regular summary meetings are issued per year (mainly France and Spain sites, 47% of the staff)  
Elections are organized as per the local regulations (France , 43% of the staff)

## 4.5. EMPLOYEES INSURANCES AND MEDICAL CHECKS

All Atlinks employees are entitled to a personal and family medical insurance, as well as travelers insurance, when travelling on the company mission.

Wherever the regulations require a medical check, they are duly performed. Records are kept in the HR files.

#### **4.6. CONTRACT OF PROGRESS**

The Contract of Progress (COP) is the document where the management and the employees conclude the objectives for the year. There are individual and team objectives. Those are reviewed in a year basis in meeting staff's manager.

It is also the moment where the competences and training can be reviewed. 100% of the employees are covered by this process.

**Result:** an evaluation is done per year with a "mark" average within the targets

#### **4.7. TRAINING AND SENSIBILIZATION**

The aim of training is to contribute to the development of the competencies of the staff, to better address existing and future needs of the Company, and:

- To identify the technological and organizational evolutions,
- To anticipate and accompany professional evolutions of the staff according to the Company needs,
- To improve on the level of expertise, knowledge and competency of the staff.

A training plan is established as per company and staff needs.

There are trainings and sensibilization meetings organized yearly on the field of Quality, Environment, Health and Safety and Sustainable development areas, for all the staff.

**Results:**

- Training provided as per training plan in all entities
- 100% of the staff in Hong Kong and 80% of the staff in Europe followed the Sustainable development training and sensibilization along the years.

#### **4.8. ORGANIZATIONAL HEALTH AND SAFETY PROGRAMS**

Within the framework of the OHSAS Management systems the following programs have been deployed in relation with the hazards and risk level identified by the company and its employees.

- Staff has been trained to the fire risk, by performing drills and the usage of fire extinguishers (2 sites, 90% of staff)
- First Aid Kit and first aid training (2 sites, 90% of staff)

- Driving safe chart published and sign by the company car drivers (100% of company drivers)
- Office exercising guidance (2 sites, 90% of staff)
- Ergonomic assessment on the use of computer and screen.( 1 site, 47% of staff)
- E-mail management guidance for the stress reduction (100% of staff)

**Results:** Atlinks has 0 accidents since its creation.

## **4.9. SUPPLIERS**

For Atlinks its suppliers are one of the main stakeholders, and since many years a process of Selection and Evaluation of suppliers is being applied with success.

There are few areas of evaluation for our suppliers, among them the Human Rights respect and Labor, which are globally addressed in the chapter “Social Accountability” of this document.

Audits are performed against all chapters of the SA 8000 standard.

## 5. ENVIRONMENT

### 5.1. ENVIRONMENTAL MANAGEMENT

Atlinks is a fables company, but well aware of the impact done in the environment. Framed with a Worldwide Environmental Management system, we focus our programs where we do have more impact: eco-design (recycling, product usage, and resources preservation), transportation, waste and end-of-life of the products.

We also work in the environmental impact that our premises can have: resources preservation (paper, electricity consumption), waste management.

All those actions are driven within the respect of all applicable laws and regulations.

### 5.2. TRANSPORTATION

Transportation is one of the main Environmental impacts Atlinks has in its operations. Since many years, we try to avoid the most polluting transportation (air) and we concentrate in the sea transportation for the inbound transport.

One of our environmental programs has been to optimize the containers capacity to be able to put a maximum of products using the same transport effort, thus reducing the CO2 impact for this activity.

#### **Result:**

We have average rating of fulfillment over 95%

Since the end of 2014 we are also following the outbound transportation, so we can eventually take some measures to reduce the impact. Our logistics 3<sup>rd</sup> party is an essential collaborator to support this action.

**Results:**

**5.3. ECO-DESIGN**

We have put in place several programs along the years:

- EuP regulation to reduce the product consumption in its life (all products compliant)

- Reduction of the packaging and user's guide, size and weight for resources preservation and transportation optimization
- Reduction of the products weight (less material used)

**Results:**

**AWCSU:**  
Average Weight of Consumer Sales Unit

- Corded has reduced the size as per target (-5,7% in 2014)
- DECT however has increased (3,7% in 2014) , due to increase of bundles with more products inside.

**AWUG:**  
Average Weight of User guide

- DECT user guide is continuously decreasing (-44% in 2014)
- Corded has also been reduced (-21% in 2014)
- However there is not the limit on the usability of the UG.

#### 5.4. CHEMICALS MANAGEMENT

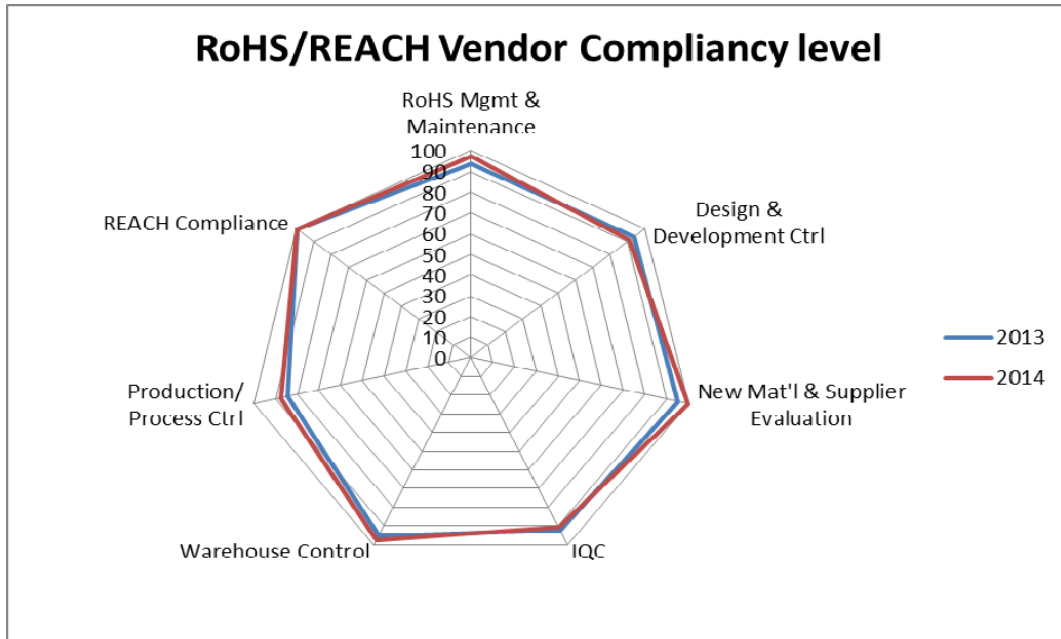

Atlinks follows the regulations in force regarding the restriction of use of certain substances, and make sure that the products complies with all regulations in force regarding these aspects, in particular the RoHS (Restriction of Hazardous Substances) and REACH (Restriction, Evaluation, Authorization of Chemicals).

We request to the manufacturers to provide every year with the declaration of substances contained in each product and also the compliancy with the RoHS regulation.

Atlinks performs Suppliers Audits to make sure the control on those substances is made properly at the manufacturing sites. We also keep record of all the Certificates issued by our vendors in our Documentation system.

**Results:** Yearly Audits at 100% of the manufacturing places with the following result on conformity by criteria.

## 5.5. END OF LIFE

### 5.5.1. RECYCLING

Atlinks participate with several organizations for the collection and recycling of the waste produced by the products all over Europe

- Packaging,
- WEEE,
- Batteries

We declare the units and weight of the different elements to be collected and contribute financially to the collection, recycling of the waste produced by our products.

We participate in several programs to reduce those wastes.

We also follow the recommendations from the organizations to help the users in the recycling. The below logo is printed in the boxes, to indicate the good bin where different elements of the packaging for better collection and recycling.

Info tri-point:

### 5.5.2. SERVICE CENTER, CONSUMER SUPPORT

Within the frame of our Quality Management systems, we put the customers in the center of the targets. We do all the best to listen to them and give a maximum of satisfaction:

- We have a web site with customers interface to ask the questions related to product or our services
- We do provide our user's guides in an extended version, so as to include in the packaging only simpler version (less paper to print).
- We received letters to give us feedback in our service
- We have a Call Center (Hot line) to provide support for the use or what to do in case of doubts, or any quality issues with the products.
- We provide 2 years warranty for better satisfaction.
- We have implemented a Service Center to repair or refurbish the products.
- Service Center provide also a good information about the quality of the products and eventually the improvements to implement to avoid any quality problems, particularly in the NOT FAULT FOUND category, which indicate other issues than failure of the products
- The Service Center has an integrated Management System Certified, for Quality, Environment, and Health and Safety.
- The Service Center also manages the WEEE following the European Directive 2012/19/EU.

#### Results:

The return rate has been constantly decrease and arrive to a very low level, indicating a very reliable products

The second year warranty appears to be a very little impact in our operations

The complaints from customers are become more compliments and just questions asked

The hot line provides a good service level

The products are more reliable and then less Waste to produced

The information provided to the customers makes the need to bring the products to the Service Center avoiding unnecessary transportation or refurbished products.

The extended version of user’s guide available on the web makes less paper to print, less weight to transport and less waste to handle at the end of life for products.

### 5.6. SUPPLIERS

For Atlinks its suppliers are one of the main stakeholders, and since many years a process of Selection and Evaluation of suppliers is being applied with success.

There are few areas of evaluation for our suppliers, among them the Environment, that are globally addressed in the chapter “Social Accountability” of this document.

Audits are performed against all chapters of the SA 8000 standard.

### 5.7. PREMISES

We have followed few programs:

- Waste separation (paper, carton, others): Hong Kong and France, handle by Atlinks, in the other Sales representation offices managed by the business center where located.
- Management of Hazardous Waste (WEEE from samples, toner cartridges, ink cartridges)
- Electricity consumption (Hong Kong, France has not separate counter for Atlinks office in its landlord building).
- Paper consumption monitoring (Hong Kong and France site)
- EDI for many transitions with customers to avoid paper invoices (save paper and transport)
- New management of “Certificate of Origin”, to avoid, paper, express courier between China and Europe.

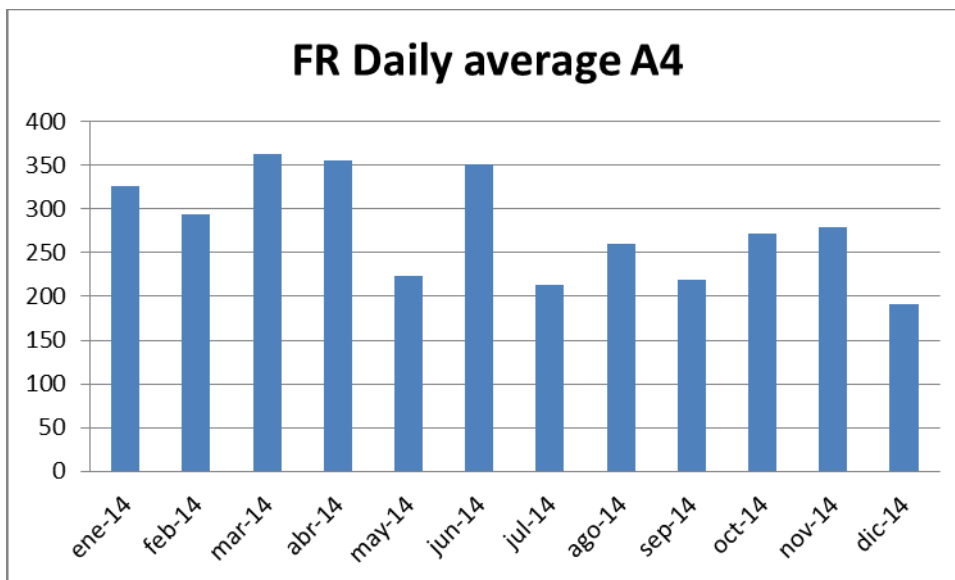

**Results:**

Usage of Electricity in Hong Kong Office  
France office does not have individual electricity counter

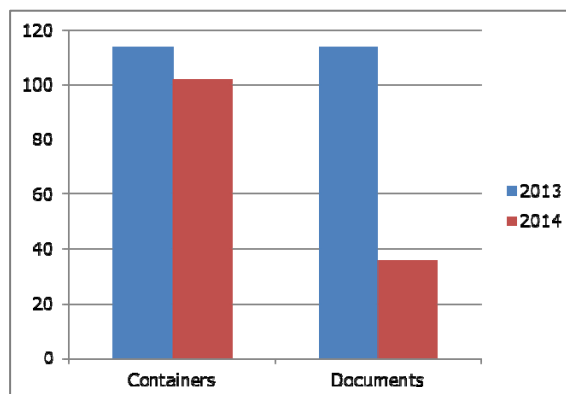

-11% electricity consumption

Usage of Paper premises

Decrease of documents sent by express mail (to 2 sites)

**DHL information on  
 CO2 equivalence  
 Atlinks Europe  
 29 shipment**  
  
2795 kg CO2

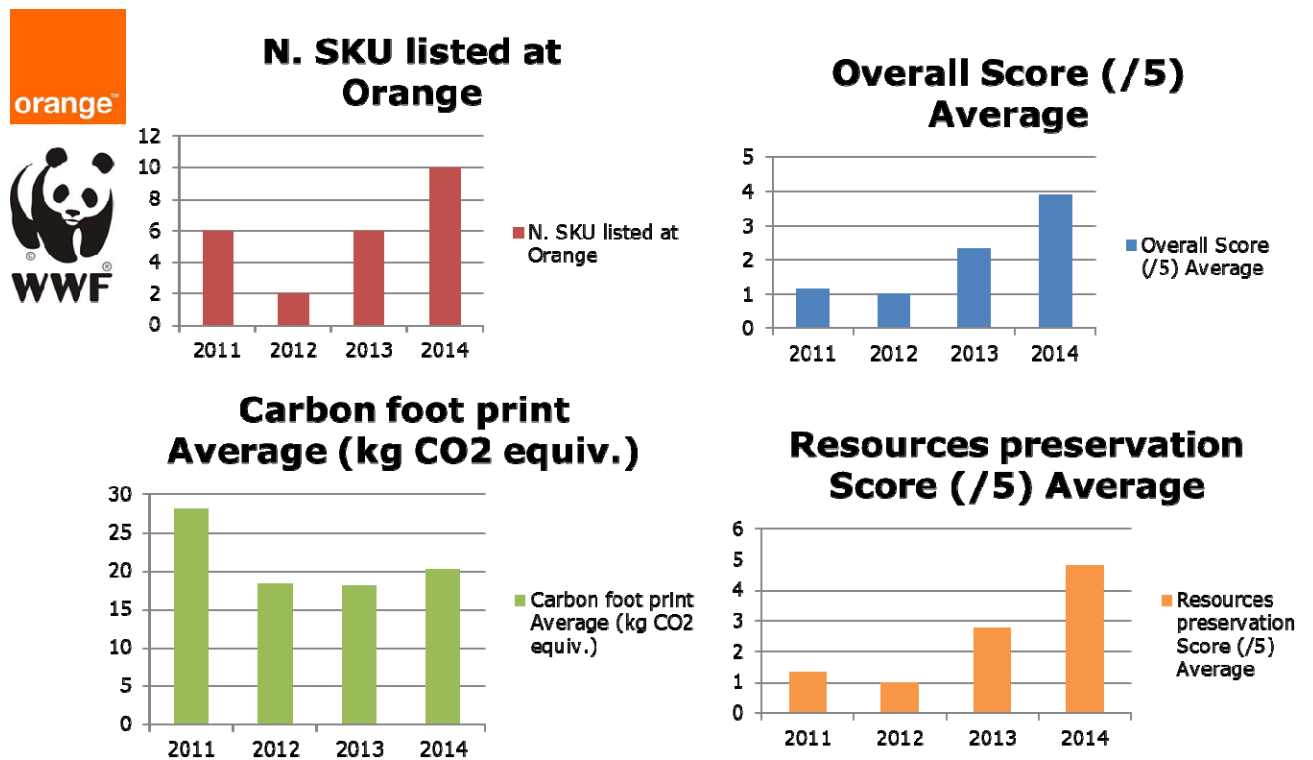

## 5.8. EXTERNALS EVALUATIONS (ECO-RATING)

Atlinks participates to an initiative done by one of its customers to the evaluation of the products Environmental performance called Eco-rating, with the contribution of WWF. The Environmental performance of the products is based on:

- CO2 foot print for the product (simplified calculation with specific methodology)
- Natural resources preservation evaluation
- Eco-design

The marks are in a 5 basis, and are displayed in the shops and the website.

**Results:** Atlinks keeps the track of record since 4 years with considerable improvement

## 6. SOCIAL ACCOUNTABILITY

### 6.1. ANTI-CORRUPTION

Atlinks has issued a CODE OF CONDUCT, applicable to all employees and consultants working on behalf of Atlinks.

This CODE OF CONDUCT reflects the Policy of the company to avoid any corruption, bribery or extortion, and respect of the rules and regulations related to these aspects.

Every employee has the responsibility to ask questions, seek guidance, and report suspected violations of this CODE OF CONDUCT, to the local or global Management, employee's representatives or the Management representative.

Atlinks has maintained an excellent check and balance system over transactions.

Our books and accounts are subjected to statutory external financial audit annually in both subsidiaries. These audits are used as one of the methods of identifying any suspicious payments which could be related to bribery or corrupt behavior.

This information is checked and controlled by finance, administration and HR department and the CEO.

Internal Audits are also used as the tool to detect any kind of deviation in this subject, and to identify any potential decision not made by any employee in an objective way, in the field of sourcing, purchasing or service request.

**Result:** 0 reports on corruption among the employees or any other stakeholder

### 6.2. ANTI-COMPETITION AND RESPONSIBLE MARKETING

Atlinks protects and respects the intellectual property by means of contractual commitment with suppliers and customers.

Specific legal counsel support is assigned whenever necessary for ensuring these aspects.

**Result:** 0 reports on anti-competition by any stakeholder

Atlinks applies the European Directive 1995/46/CE related to the protection of the data of its customers and makes it mandatory for any suppliers in contact with its suppliers to respect it (after sales service).

Our Customer Service it is open to contact with final customers by different means: standard mail, e-mail, phone, etc. We put at customer disposition also a Hot line to help customer with any difficulties or information required.

We answer to any question whenever customers ask to us, providing satisfactory service not only with our products but with any information regarding our practices.

We do have *Customer Complaints procedure* that covers all questions in quality, environment or CSR issues.

**Result:** 6 e-mails received from final customers on CSR issues, all of them answered in 24 hours. No second request.

### 6.3. CSR VENDORS – AUDITS

Our Product Manufacturing suppliers are one of our main stakeholders, and are considered as partners by Atlinks. We do have a long relationship with most of them, but we are always in the move of qualifying new partners for new kind of products.

Our *Suppliers Selection and Evaluation process* is running for many years, and we do have an excellent track of record for all of them.

We do request to them to have different Certified Management Systems: Quality and Environmental; and to achieve the maximum of our confidence, a Health and Safety Management Systems, and a Social Accountability Management System.

We also monitor by audits the compliance with the RoHS and REACH regulations to avoid hazardous and prohibited substances in our products (already reported above in this document).

Our main partner has fully certified the 4 Management Systems.

The selection and Evaluation is based in many criteria, and apart for most of the Quality, Financial, and Operational, we also include Corporate Social Responsibility, including: Environment, Health and Safety, and other criteria based on SA8000 standard , like, Discrimination, Child and Forced Labour, Working hours and Remuneration and Discipline.

We do perform every year a complete Evaluation on those criteria for 100% of our Product Suppliers.

Whenever a supplier is not comply to our standards and it is not capable to provide the appropriate corrective actions we can disqualify them.

**Results:**

**Percentage of Purchased (volume) coming from Certified Vendors.**

**2014**

**Percentage of Active Manufacturing Vendors Certified.**

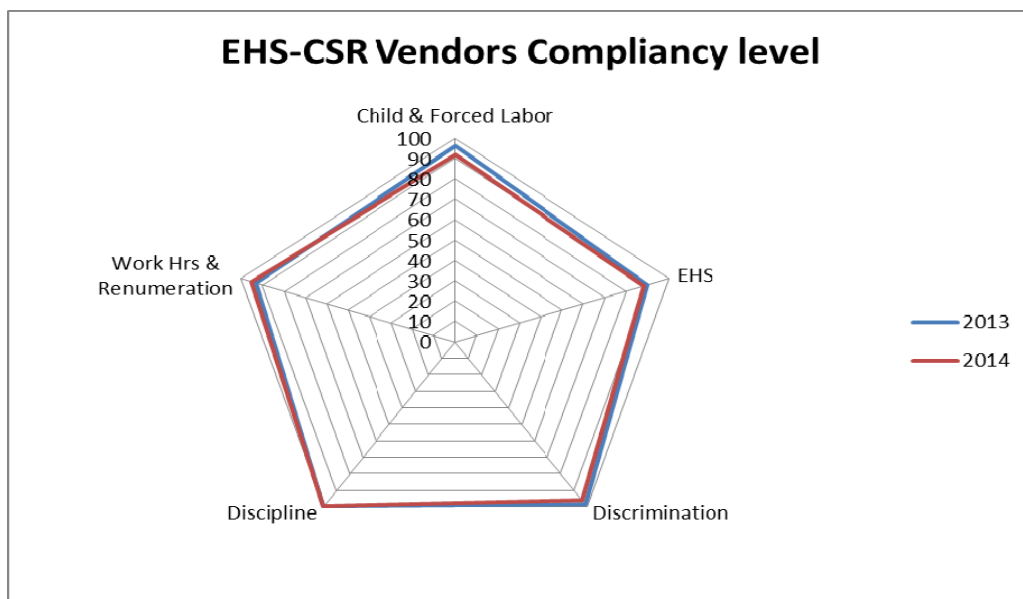

**Percentage of Manufacturing Vendors Audited**

*Audits QMS : 100%, of active vendors*  
*Audits EHS-CSR: 100% of active vendors*

Audits RoHS/REACH: 100% of Active vendors

### Results on Audits: Quality and EHS-CSR

## 6.4. CONFLICT MINERALS TRACEABILITY

Atlinks is not a manufacturer but by means of the External evaluation of Eco-rating we have started questioning our vendors on the resources preservation of some metals like: Gold, Silver and Tin. After, there is a calculation of the raw material depletion in person-reserve. In this process there is also the concept of Origin of Rare metals, and its traceability.

We have been asking the question since 2011, but we have not yet obtained a lot of results on this part of the questionnaire.

We are putting in place a process to request the traceability for information to our main suppliers of cordless phones (top 2 of our purchase value) on the following items:

- Plastics raw materials
- Printed Circuit Boards
- Semiconductors (chipsets)
- Soldering paste
- Capacitors (tantalum)

To study the following metals origin: Gold, Tin, Tungsten, Tantalum

Process:

- 1.- A Conflict Mineral Reporting Template based on the CFSI (Conflict Free Sourcing Initiative) will be send to our vendors once a year.
  - 2.- We have questioned 2 main vendors
  - 3.- Collection of data and analysis
  - 4.- Record the information on our Documentation Systems.
- Next year will be extended to other vendors.

**Results:**

- We have received the completed CFSI questionnaire 100% fulfilled
- The answers are not similar for the suppliers.

## 6.5. EXTERNAL EVALUATIONS (ECOVADIS)

EcoVadis operates the 1st collaborative platform allowing companies to assess the environmental and social performance of their suppliers on a global basis. EcoVadis combines technology and Corporate Social Responsibility (CSR) expertise to deliver simple and reliable supplier scorecards, covering 150 purchasing categories and 21 CSR criteria.

The EcoVadis methodology framework assesses the policies and measures put in place as well as the reporting published by companies with regards to environmental, labor practices & human rights, fair business practices and sustainable procurement issues. The assessment conducted by CSR experts is made on the basis of the company answers to a survey which is dynamically adapted to their country, sector and size, on the basis of supporting documentation, and on public and stakeholder (NGOs, trade unions, press) information.

Atlinks is framed in the Category/Industry “**Manufacture of communication equipment**”, even it does not keep its own manufacturing facilities, the products commercialized by Atlinks have its own licensed brand Alcatel, and then it can be considered as a manufacturer.

This category is much more demanding than the wholesaler type of.

Actions based on the detailed report issued by Ecovadis have been taken to improve Atlinks performance in the CSR results for next year.

### **Result:**

Atlinks has confirmed its commitment to the Corporate Social Responsibility by obtaining the Silver level of recognition.

## 7. RISK MANAGEMENT

Atlinks has identified and classified the different risks related to:

- Business activity,
- Environment
- Health and Safety.

The business activity risks are identified in the mappings of each process, and they are followed by the different indicators on the business activity.

For Environment, the risks are evaluated thru the Environmental Analysis, with the aspects and impacts matrix.

## 8.2. CODE OF CONDUCT

### CODE OF CONDUCT

The Atlinks Code of Conduct outlines expected behaviors for all Atlinks employees and consultants.

Atlinks will conduct its business **fairly, impartially**, in an **ethical** and **proper manner**, in full **compliance with all applicable laws and regulations**, and consistent with the **Atlinks Policy**.

In conducting its business, **integrity** must underlie all company relationships, including those with customers, suppliers, and communities and among employees.

The highest standards of **ethical business conduct** are required of Atlinks employees in the performance of their company responsibilities. Employees will not engage in conduct or activity that may raise questions as to the company's **honesty, impartiality, reputation** or otherwise cause embarrassment to the company.

Any employee of Atlinks Company will ensure that:

- He/She will not engage in any activity that might create a **conflict of interest** for him/her or the company.
- He/She will not take advantage of his/her Atlinks position to seek personal gain through the inappropriate use of Atlinks or non-public information or abuse his /her position.
- He/She will follow all restrictions on use and disclosure of information.  
This includes following all requirements for protecting Atlinks information and ensuring that non-Atlinks proprietary information is used and disclosed only as authorized by the owner of the information or as otherwise permitted by law.
- He/She will observe **fair dealing** in all of his/her transactions and interactions.
- He/She will protect all company, customer and supplier assets and use them only for appropriate company-approved activities.
- Without exception, He/She will **comply with all applicable laws, rules and regulations**.
- He/She will promptly **report any illegal or unethical conduct** to management or other appropriate authorities (i.e., Ethics, Law, Security,..).

Every employee has the responsibility to ask questions, seek guidance, and report suspected violations of this Code of Conduct.
