

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the introduction of a new standard (UNE EN 1090-1:2011+A1) and the implementation of the relevant audit. In addition , we have also had the recertification of the management system (UNE EN-ISO 9001:2008, UNE EN-ISO 14001:2004 y OHSAS 18001:2007).

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by july 07,2015 at the latest.

Sincerely yours,
Narón, april 07, 2015
