To our stakeholders

24. april 2015
Nuuk, Greenland

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to that Air Greenland only on March 1st 2015 has employed a new CSR manager, and it simply takes time to gain the knowledge needed to collect and prepare the data for the report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by July 24th 2015 at the latest.
