GRACE LETTER

Corporation Solar Alliance

07.05.2015

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to operational needs and other factors that occur in the economy of our country, we need more time to prepare our COP, please extend the period of writing and filing the report for 90 days, as previously we did not ask the grace period in the last three months you ask it for the first time in the history of cooperation.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 20.09.2015 at the latest.

Sincerely yours,

Mr. Oleksandr Vorontsov

Director of the Department of International Economic Relations
