**Grace Period for UN Global Compact communication on progress**

To our stakeholders:

We recognise that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report as we intend to include our COP report in our first sustainability report according to GRI G4. The reporting period for our sustainability report is causing the delay as it is intended to cover our financial year July 2014 to June 2015.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 18 August 2015, at the latest.

Best regards,
