To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report as I was on sick leave from February until May 2014. As the creation of the annual COP report is part of my tasks, it will be my honour to finish our COP report quickest possible.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website as soon as possible. Thank you very much.

Sincerely yours,

Mr. Bruno Petrovic
