

June 2015

To our stakeholders

We recognise that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Due to organisational change we would like to request an extension period in order to be able to finalise our COP - and ensure it effectively describes our company's efforts to implement the principles of the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts to implement the principles of the UN Global Compact. Our new COP will be posted on the UN Global Compact website by 31st August at the latest.

Yours sincerely
