### Company Profile

As one of India's leading companies, Lanco Infratech Limited has been driving growth across a chain of verticals comprising EPC, Power, Solar, Natural Resources and Infrastructure. Currently, Lanco has 3450 MW assets operating in various states in the country and 4636 MW is under construction at various stages. Lanco's EPC vertical provides world class solutions to its customers. The Infrastructure division of Lanco has developed roads of around 163 Kms on National Highways. Lanco's solar business is building different verticals across the entire solar value chain including Project Development, EPC, Products & Systems and Manufacturing. Marking its foray into the global resources industry, Lanco has acquired Griffin Coal Mining Company, which owns the largest operational thermal coal mine in Western Australia, it has also been selected as the Mine Developer & Operator (MDO) by SAIL for the development and operation of Tasra OCP through competitive bidding process, having reserves of 127 Million Tonnes. As part of its business strategy, Lanco has chalked out an ambitious growth plan – in Power, Solar and Natural Resources. It also envisages aggressive plans for EPC with a strong order book growth.

Global partnerships with top-notch companies such as Genting, Harbin, GE, Dongfang, Doosan, etc. have borne rich dividends for Lanco. A people driven organization, Lanco has a pan-India presence and international operations, with a human resource base of around 3100 people. Lanco is a privileged member of the World Economic Forum. Lanco is recognized for its Corporate Social Responsibility initiatives led by the Lanco Foundation.
