

20 June 2015

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a delay in wrapping up our Sustainability Report 2014, which will serve as the input for our COP. Since we have implemented a more elaborate governance process for data collection and sign-off in comparison to prior years, this caused an unforeseen delay in the finalization phase.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 31 July, 2015 at the latest.

Sincerely yours,
