30th June 2015

Dear Sir/ Madam

We recognise that a requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP), including a description of progress and practical actions we are taking in relation to the ten principles.

Having recently undergone structural changes and a major office move, we wish to request an adjustment to our COP submission deadline in order allow time for developing policies and implementing actions in a number of new areas. It is intended that our new COP report will be posted on the UN Global Compact website no later than the end of May 2016.

We remain committed to the UN Global Compact principles and to measuring and monitoring our performance in key areas, as far as practicable in the interim.

Yours Sincerely,

Mark Adorian
