

July 14th, 2015

To our stakeholders;

We are aware that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a delay in the full implementation of the newly invested sustainability reporting tool throughout the whole AR Packaging Group. This is well in progress and a corporate sustainability report will be presented in the coming months showing our commitment and efforts to achieve a sustainable development. This report will form our COP for 2014.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by October 31st, 2015, at the latest.

Sincerely yours,

Ingrid Lidbäck
Group Marketing Manager
