To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to great desire and intention to grow in synergy with our owner, Hrvatski Telekom, which implies that we will submit COP report together.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress in implementation of the principles of the UN Global Compact. Our new COP will be part of the T-HT Group COP report and will be posted on the UN Global Compact website by 24 June 2015.

I am at your disposal for any further information.

Sincerely yours,

Renée Saboti Slovinc
Marketing and Communications Manager
