Communication on Progress (COP) – Deadline Extension

Date: 9 August. 2015

To our stakeholders;

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to great change in the policy of the company and style of management so there are many new details we want to add about our entity on the other hand unexpected events which made collecting data and enhancing our report on time cannot be achievable.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 11 November 2015 at the latest.

Sincerely yours,

Mr. Ahmed Mohamed El-sheikh
