Dear Madame Executive Director,

On behalf of SkyPower, I am pleased to reaffirm the commitment of SkyPower for the ten principles of the United Nations Global Compact in the areas of human rights, labour, the environment, and anti-corruption.

In this inaugural Communication on Progress (COP), we describe our actions to continually improve the integration of the Global Compact and its principles into our business strategy, culture and daily operations. We also commit to share this information with our stakeholders and the general public.

SkyPower is proud of its continued efforts and progress to embrace the ten guiding principles of the Global Compact which have become part of our global cultural and daily operations. I am therefore pleased to enclose our first report on progress since joining the Global Compact in 2014.

Sincerely yours,
