

Cable & Wireless Panamá

August 26, 2015

United Nations Global Compact  
United Nations  
New York, NY 10017  
USA

To whom it may concern:

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that comprises of a statement of continued support for the Global Compact, a description of practical actions that our company has taken since our last COP, and a measurement of outcomes or expected outcomes.

In Cable & Wireless Panama we have had important organizational changes this fiscal year including the appointment of a new Executive President and General Manager as well as many other additional changes to the company's structure, all leading to a complete new approach in relation to the company's mission, values and ways of doing business. As a result, we are behind in schedule to share and post our COP report since a complete new style for this Communication on Progress is also being sought.

We hereby ask for an extension period in order to be able to submit a COP that describes our company's efforts and progress to implement the ten principles of the Global Compact. Our new COP report will be posted on the Global Compact website by Friday, December 4, 2015 at the latest.

Sincerely yours,

Roberto Mendoza  
Executive Director of Corporate Affairs  
Cable & Wireless Panama
