Ref.: Global Compact Report -Advanced Level- by Wilken CIWI GmbH

To whom it may concern

We have reviewed the Global Compact – Communication on Progress for the period 11 June 2014 to 11 June 2015 by Wilken CIWI GmbH and herewith confirm that the aforementioned Global Compact member has, in our view, dutifully and plausibly collected and compiled all information required by the Global Compact Advanced Level Guidelines.

Specifically, the Global Compact member Wilken CIWI GmbH has demonstrated how it fulfils or plans to fulfil the 24 Global Compact Advanced Level criteria currently in effect and thus, in our view, qualifies for the Advanced Level of membership.
