

NEINVER
Create. Future. Now.

Wednesday, September 16th of 2015

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

NEINVER is late in creating, sharing and posting our COP report due to the fact that this year is the first developed in compliance with the Core Level G4 guidelines of the Global Reporting Initiative (GRI), with support from GRI's Materiality Disclosures Service which certification we are waiting for, in order to include it in our report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by December 15th of 2015 at the latest.

Sincerely yours,
