To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to our governance reconstruction and premises relocation, moreover producing a fully indicating report that inform our activities and implementation of the 10 principles which been highly considered (Specially in the environment pillar) in our process of changes.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by *17<sup>th</sup> December 2015* at the latest.

Sincerely yours,

Sincerely yours,
