25th September 2015

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the preparation and posting of a Communication on Engagement (COE) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions in regard to organization's efforts to support the UN Global Compact in advancing the ten principles and to engage in the initiative and a measurement of outcomes or expected outcomes.

2015 is the first time to publish a COE on the Global Compact-Homepage, but respACT has reported on its activities and goals for many years already. As we wish to supply our stakeholders with the newest COE possible – which will be ready later this year, we will be late in sharing and posting our COE report.

We hereby ask for an extension period in order to be able to post a COE that describes our newest efforts and progress to support and to engage with the Global Compact. Our new COE report will be posted on the UN Global Compact website by 29th of January 2016 at the latest.

Sincerely,

Ms. Ines Sturm

Project Manager
