

October 9, 2015

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Started in 2014, we have been using our group of companies' Sustainability Report to serve as COP report for 2013 reporting period. However, the release of the report will be slightly delayed due to unforeseen internal circumstances.

We hereby ask for an extension period in order to be able to post a Sustainability Report that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new Sustainability Report will be posted on the UN Global Compact website by December 31, 2015 at the latest.

Sincerely yours,

Librian Angraeni  
Sustainability Manager
