Berlin, 19<sup>th</sup> October 2015

**Adjustment request Communication on Engagement (COE)**

Dear Sir or Madam,

We would like to align our internal reporting on the engagement cycle with the Communication on Engagement (COE) deadline of the Global Compact. We hereby request our COE deadline to be adjusted to the 30<sup>th</sup> September 2016.

Ecologic Institute conducts inter- and transdisciplinary environmental research. The experts at Ecologic Institute also prepare policy analyses and function as consultants. In its role as a private, independent organisation, Ecologic Institute is dedicated to the preparation of relevant sociopolitical aspects of sustainability research and to contributing new knowledge to environmental policy. Innovative research methods, an orientation on practice and a transdisciplinary approach ensure scientific excellence and social relevance. The work done at Ecologic Institute covers the spectrum of environmental topics and includes the integration of environmentally-related issues into other political spheres.

For more information, please visit our Website: <http://www.ecologic.eu>.

Yours sincerely,

Dr. Camilla Bausch, Director  
Ecologic Institute, Berlin
