Dear Excellency,

I am pleased to inform you and to renew my highest considerations that the *Organization for International Economic Relations (OiER)* actively supports the 10 Global Compact principles in the field of human rights, labor rights, environmental protection and anti-corruption. With this letter, we renew our intent to advance these principles in our sphere of influence and work, and commit to communicate these principles clearly to the general public and to our stakeholders.

We pledge to participate in the activities of the UN Global Compact, where and whenever possible and appropriate – contribution to and collaboration with the regional and international networks; participation in specialized initiatives and work processes, involvement in partnership projects as well as reviewing and commenting on the COPs of participating companies.

Yours respectfully,

Dr. Christoph LEITL

President OiER
