

26 October 2015

To our Stakeholders

Monash University recognises that a key requirement for participation in the UN Global Compact is the preparation and posting every two years of a Communication on Engagement (COE) comprising a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the main issue areas of the UN Global Compact, and the measurement of outcomes or expected outcomes.

We wish to align preparation of our COE with Monash University's institutional reporting cycle and therefore request a once-off adjustment to our COE deadline. We request our first COE be submitted by 30 April 2016.

Yours sincerely

Prof Rebekah Brown  
Director, Monash Sustainability Institute
