Athens, October 31<sup>st</sup> 2015

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO / Most Senior Executive statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to some unforeseen minor delay in the completion of our Communication on Progress report. The report is ready but there is need for a final control that could not be accomplished before the deadline due to technical reasons.

We hereby ask for an extension period in order to be able to post a COP that describes our university's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by January 29th 2016 at the latest.
