To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that AUW has been subjected to a great re-structuring process during the past period that covered its educational programs as well as administrative system. The change required establishment of new departments and units, migration of data, upgrading of curricula, ..etc, which necessitated the involvement and participation of all faculty and staff members. Unfortunately, the change consumed a lot of effort and time that negatively affected the completion of the report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 17th January 2016 maximum at the latest.

Sincerely yours,

Dr Sumaia Mohd El Zein A. Badawi
