To our stakeholders:

The Resource Foundation recognizes that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regards to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a variety of timing factors.

We hereby request an extension period in order to be able to post a COP that describes our organization's efforts and progress to implement the principles of the UN Global Compact. Our COP report will be posted on the UN Global Compact website by January 29, 2016 at the latest.

Sincerely yours,

Marcela Lopez-Macedonio  
Executive Director
