To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to technical problems from our side (we got to know about requirement to submit a COE only on October 26<sup>th</sup> when accidentally found your letter “COE Deadline - 1 week” in our Spam folder, we realized that many of your previous letters where lost in Spam folder as well). We took actions in order to avoid losing your letters in the future as we value opportunity for our organization to participate in UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by January 28, 2016 at the latest.

Sincerely yours

Ms. Svitlana Kutsenko

President of the Nongovernmental Organization
