To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual posting of Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regards to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to the fact that our CEO is suffering from a debilitating ailment that has not yet been healed. Ordinarily, a secondary counterpart would vicariously report on behalf of our CEO and the establishment but we have reached a small stumbling block within our board where we have been forced to seek out new board members. However, it should not be very long before we have acquired those new members so that such reports may be created, shared, and posted.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by November 30<sup>th</sup>, 2015 at the latest.

Sincerely yours,
