COMMUNICATION ON ENGAGEMENT 2015

We are pleased to confirm that Center for monitoring and evaluation (CME) strongly supports the 10 principles of the UN Global Compact with respect to Environment, Children's Rights, Governance and Sustainable Development. From its foundation in 2003, Center for monitoring and evaluation is committed toward cooperating with various stakeholders from business, academic, public and civic sector. Up to now, we have carried out more than hundred projects and activities with over 250 different partners, always striving to achieve multi-sectoral cooperation in order to increase sustainability of Serbian and regional societies. Following that line, CME has strongly welcomed launching of Global Compact Network in Serbia, becoming one of its first members.

With this commitment, we express our intent to support the Global Compact advancing these principles, as well as newly adopted Sustainable Development Goals (SDG's) and will make a clear statement of this commitment to our stakeholders and the general public. We are also pledged to participate in and engage with the UN Global Compact in the following area:

- Engage with Global Compact Local Networks
- Join and/or propose partnership projects on corporate sustainability
- Engage companies in Global Compact-related issues
- Join and/or support special initiatives and work streams
- Provide commentary to companies on Communications on Progress
- Participate in Global Compact global and local events

Within auspices of Global Compact Network in Serbia, CME has supported and actively organized in cooperation with numerous network members, several projects and other activities GC Network in Serbia has carried out from its foundation. From 2011, CME leads Team for support in emergency situation of our local network. From 2014, CME acts as Steering Committee permanent consultant.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the 10 principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within 2 years of joining the Global Compact and every 2 years thereafter according to the Global Compact COE policy.

Sincerely yours,

Marko Savić
Programme director
