

Copenhagen, October 31, 2015

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to full mobilization of our resources for the organization of our Humanitarian Water & Food Award celebration that took place in Kuala Lumpur, Malaysia on October 22, 2015. Because of unforeseen events, the date and venue of the celebration had to be urgently changed and the full staff was working exclusively on managing and supporting the celebration. Thanks to a full commitment, the celebration was successfully shared between the Water and Food Impact Forum that connects outstanding initiatives to a worldwide sustainability network of impact investors, international experts, responsible businesses, research institutes and NGOs and the Water and Food Award, which celebrates initiatives that have met the criteria of sustainability, innovation, empowerment, scalability, replicability, social and environmental impact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by January 15, 2016 at the latest.

Sincerely yours,

Ms. Tina Lindgreen,  
President and Founder
