

## Grace Letter For TITAN Cement Egypt

Monday 09-November-2015

Dear Our Stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that this is our first sustainability report to issue and as we are working in a more detailed CoP, it is taking a bit more time to integrate the data and comment on them as well.

We hereby submit this grace letter request to allow TITAN Cement Egypt the opportunity to complete and post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website not later than 19-February 2016, max.90 days from COP deadline (21-November 2015).

We appreciate your understanding,

Thanks & Best Regards,

Khaled Badawy

Chief Executive Officer
