JSR President's Message

Welcome to the JSR website.

JSR Corporation (formerly 'Japan Synthetic Rubber Co., Ltd.') was established in 1957 for domestic production of synthetic rubbers. Since then, JSR has continuously expanded its business to emulsions, plastics and other materials for the semiconductor, flat panel display, and optical materials fields by leveraging our proprietary polymer technologies. The development of these advanced materials for the information and electronics fields have served as a gateway to innovative changes to the company's business structure.

The JSR Group has ended its mid-term business plan "JSR20i3," calling this period an "activation toward growth," intended to lay the groundwork for the company vision set for 2020, which is to transform our business structure, a shift from our conventional core businesses (the Petrochemicals and Fine Chemicals segments) to a combination of "core business and strategic business." Under "JSR20i6," which began in April 2014, we will focus on steadily increasing

profitability based on what we accomplished under "JSR20i3."

In regard to the Strategic businesses segment, we will specifically focus on growth for our Lithium Ion Capacitor (LIC), a kind of energy storage device, and our work in the Life Sciences field.

JSR Group's Corporate Mission is "Materials Innovation: We create value through materials to enrich society, people and the environment". We will pursue the possibilities that materials represent, creating value that will make the world around us a better place to live and work.

As a member of the chemicals industry, we believe that it is our duty to be a company that makes sustainable development possible for all. We have made corporate social responsibility (CSR) an important part of who we are as a company. We are conscious of safety, the environment, and of engaging in fair business practices. In this and many other ways, we are building a strong reputation as a company that cares about the world and our local communities.

We look forward to your continuous support.

Mitsunobu (Nobu) Koshiba
Representative Director and President
