Canalside Project, Hackney, London E2

This will be a year long project for **Charushila**, in partnership with Counterpoint Arts and Shoreditch Trust along with other community and local groups. The aim of project is to develop a participatory arts and film programme on the Haggerston and Whitmore Estates known as Canalside. The project aims to implement an action learning initiative through the prism of the creative arts and film. It will explore ways of bringing the policy analysis into dialogue with everyday practices on the ground, building on diverse local knowledge across Canalside.

Please put in your diary the date of 7th June when we have our first street event which will be an exciting mix of arts, music, film and food!

If you are interested in volunteering, especially on a long term basis at weekends or specifically for the above date, please let us know at
