

1st December 2015

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (CoE) that comprises of a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support on the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our CoE report due to there is no CSR department in SAB and the sustainable development's approach is transferred to some persons who fulfill other functions in the company.

Thanks to our commitment, SAB reached the Advanced level 2 years ago and our active contribution to the workshops of GC France require significant time. So, we are late to collect the data required for assessing our annual work and the draft report will not be ready by the 22nd of December 2015.

We hereby ask for an extension period in order to be able to post a CoE that describe's our organization's efforts and progress in support of the UN Global Compact. Our CoE will be posted on the UN Global Compact website by the 21st of March 2016 at the latest. We'll do the best to post it as soon as possible.

Sincerely yours,

Anne-Rose LE GALLO
Responsible for Sustainable Development
