Dear Mr. Secretary-General,

We hereby confirm that Technip supports the ten principles of the Global Compact regarding human rights, labour, environment and anti-corruption. We express our intent to advance those principles within our sphere of action and influence. We are committed to making the Global Compact and its principles part of our strategy, culture and day-to-day operations as well as engaging in collaborative projects which advance the broader development goals of the United Nations, clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that underlines our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to reporting on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

The Global Compact has our permanent support. The Group and its employees are fully committed to the initiative and its principles.

Sincerely,
