Dear Secretary General,

Please allow this to serve as the Communication of Engagement (COE) for non-business organizations for Ha' Yisraeli Torah Brith Yahad and Edenic Kingdom Civilization.

In order to best serve our commitment to the United Nations Global Compact (UNGC) we have incorporated the principles of the UNGC into our establishment and we've initiated and completed various activities to show our support of the UNGC as well.

Ha' Yisraeli Torah Brith Yahad and Edenic Kingdom Civilization is a Multi-Ethnic & Cultural Torah-based International body and Society of Communities, Ministries, Institutions and Organizations that promote Jewish community building & interfaith based spiritual, cultural, academic & humanitarian empowerment & conflict resolution. Our endeavors include:

- ✓ Proving Humanitarian Medicine & Human Rights advocacy. Working with Global NGO's to provide humanitarian Integrative healthcare in rural & impoverish areas using evidence based Chinese medicine, Naturopathic & Homeopathic healthcare & Western Medicine; developing a global virtual pharmacy specifically for humanitarian medical organizations to have low cost effective FDA, cGMP, NSF compliant homeopathic, naturopathic, Chinese medicine & nutritional supplements & other medicines to more effectively combat epidemics and to focus on primary healthcare & health promotion; promoting indigenous medicine, self-sufficiency & sustainability of impoverished and disadvantage peoples in Africa, Middle East & Asia.
- ✓ We are also actively engaged in providing ideas, solutions & answers in a joint effort with other global NGO's, world conferences in order to solve the Middle East crisis, particularly between Israeli's & Palestinians.
- ✓ One of our most prized projects is developing an Open International University specifically for impoverished and disadvantaged people where no tuition is offered per credit hour but instead low cost monthly subscriptions as low as 75.00 per month for students. We are working with major government registered institutions and colleges in various countries to offer dual certification, diploma, undergraduate & post graduate degree programs in over 99 subjects and concentrations, including but not limited to Healthcare, Business Management, Leadership, Education, Farming, Fencing & many other technical and academic programs in addition to the traditional Rabbinical programs we offer for Jewish leadership development.

- ✓ We are in the midst of redeveloping the structure of our curriculum but we have incorporated the principles complicit with the support and protection of internationally proclaimed human rights, anti-child labor, and anti-corruption – among others – into the basis of our curriculum in order to disseminate our shared values of the UNGC principles.
- ✓ As of right now, Ha' Yisraeli Torah Brith Yahad (by way of its constituents) is affiliated with:
 - Mizrahi Jewish Int'l Rabbinical Council
 - United Nations Department of Economic & Social Affairs
 - American Association of Integrative & Pastoral Medicine (National Commission – Apprenticeship & Certification Board of Integrative & Pastoral Medicine)
 - International Blue Cross and Blue Crescent
 - International Association of Educators for World Peace (UNESCO, UN)
 - Pooran International (UN-NGO)
- ✓ We look forward to attending more upcoming events/seminars held by the UNGC in the near future, but will definitely be present for a seminar led by John Cropper, Director of Capacity Building Services at [LINGOs](#) (a non-profit, membership-based, consortium within the International NGO sector) on December 7th, 2015.

We look forward to reporting more about our efforts and activities. But please feel free to reach out to us in regards to this COE and how we could further show our support to the UNGC and its efforts to advance its global societal goals.
